ENVIRONMENTAL POLICY

S.H.Muffett Ltd (T/A Muffett Engineering solutions) is fully committed to minimising the environmental impact of its business and products; we recognise that the pursuit of economic growth and a health environment are closely linked.

Muffett Engineering Solutions is committed to meeting or exceeding applicable environmental laws, standards and regulations and will educate and train all staff to act in an environmentally responsible manner.

Muffett Engineering Solutions will take all reasonable measures to meet the following targets:

- Minimisation of generated waste and packing materials, through reduction, reuse, and recycling.
- Ensure efficient use and conservation of water and energy.
- Minimise, substitute and if possible, eliminate the use hazardous chemicals in processes and operations.

This policy and its targets are subject to continuous improvement and will be reviewed by the management on an annual basis

A.P Smith

Managing Director.
